PROFILE

I am an experienced content designer with writing, research and UX design skills. I utilize my strengths in storytelling and wire-framing to advocate for user-centric designs that propel business objectives. Excellent language contributes to an inclusive culture, leading me to create accessible and transparent solutions.

EMPLOYMENT HISTORY

Creative Project Manager at Audigent, Remote

May 2024 — Present

(Freelance position)

- Managed and designed a marketing campaign with a full client deck that included: banners, prints, copy, mood boards, social media and landing pages.
- Improved and revised brand copy by referencing brand guidelines.
- Assisted designers with creative direction and created design briefs.
- Met with clients to review designs and project proposal.
